

Attend one of the Sound Wall Workshops for the MoPac Improvement Project

The Texas Department of Transportation and the Central Texas Regional Mobility Authority invite you to attend a Sound Wall Workshop.

The MoPac Improvement Project team will host seven sound wall workshops along the corridor this summer (shown below). Workshop participants will be able to view graphic displays and ask questions about the proposed designs, locations, heights, colors, materials, and other information about the sound walls proposed for the build alternatives.

The workshops will be held close to the neighborhood where sound walls have been determined to be warranted. Adjacent property owners (generally the first row of residential properties along MoPac) will be notified via certified mail and asked to vote on whether or not they want a sound wall. A sound wall will be constructed in those areas where a majority (greater than 50%) of the voting adjacent property owners are in favor of constructing that section of wall.

WHEN & WHERE:

All workshops will run from 6:00 p.m. to 8:00 p.m.

Neighborhood	Date	Location
Old West Austin & Clarksville	Thursday, June 23 rd	O. Henry Middle School Cafeteria 2610 West 10th Street, Austin
West Austin	Thursday, June 30 th	O. Henry Middle School Cafeteria 2610 West 10th Street, Austin
